Greetings from the Crow Wing County Fairgrounds

Hello fairgoers and welcome to the 2022 guide to activities and events. We are trying something new this year so you will notice a change in appearance and layout of the Premium Book. While not as colorful as past books, it is less expensive and still contains all the features of past printings. The fair will have a booth again this year, located in Industrial building #1 where you can register for the daily give aways, ask for directions, and let us know your thoughts.

As we continue with improvements, the Kids Kountry project to provide drainage and eliminate standing water has been completed. We have tried to improve ventilation in the buildings with fans to circulate air and hopefully make the buildings more comfortable. Another continuing project is replacing the lights in the buildings with newer and more energy efficient products. One of the major projects for 2021 was erecting and dedicating the Bataan Memorial in memory of the 194th Tank Battalion. It is an exact replica of the mile marker on the POW march and is thought to be the only such memorial in the USA. You will find it at the south end of the fairgrounds near the Mill’s Free Stage. Well worth the stroll to view it.

We are in the process of replacing older machinery with newer models. We have, in recent years, purchased 2 new mowers for lawn care and this year we have upgraded to a newer tractor and loader. Next on the list is a replacement water truck. “ Old number 1” has been a fixture on the grounds and in parades for many years. It has served it’s purpose, is leaking badly, and has found a new home.

Our Free stage got a new look in 2021 as did the restroom on the west side of the grounds. We were fortunate to have The Crossing Arts Alliance share their expertise, time and talent to provide an agricultural scene that encompasses the entire Free Stage back-ground as well as a field of sunflowers on the restroom building.

The Board of Directors would like to thank you for your support and we hope to see you at the 2022 County Fair.

ABOUT THE CROW WING COUNTY FAIR

The first “Annual Fair” was held in Brainerd, MN on Saturday, October 5, 1872. Fairs in Crow Wing County were then held sporadically in Brainerd, Pequot Lakes and Crosby before being organized and permanently located in Brainerd in 1937. The 1899 Fair was held at grounds owned by M. K. Swartz located just east of the 1900 block on East Oak Street. In 1938 the Fair was held at the Brainerd Armory and beginning in 1939 at the Mill Avenue fairgrounds where it was held each year until moving to its present location at 2000 South 13th Street in 1962. The Fair began as an agricultural event for the purpose of providing a place for county residents to exhibit their products. Youth projects such as 4-H and FFA were able to enter and compete for prizes. While many aspects of the Fair have changed over the years, the main philosophy remains the same, to provide opportunity for our patronage to touch base with the agricultural heritage of Crow Wing County.

The Crow Wing County Fair is now among the largest Fairs in Minnesota.

The Fair is an educational non-profit organization. We would like to invite you to become a member of the Fair Association. Please join and become an active part of the Crow Wing County Fair.

Obstacle Course Jackpot Rules

• Boots’n Buckles Saddle Club and its representative have the final say on all rulings. Boots’n Buckles Saddle Club can refuse any entry for any reason. • Participants must have a current negative Coggins test on-site and available upon request. State Vet Board Rules apply for horses traveling from out of state. • No horse may be entered in each class more than once. • Late entries will be run at the end of each class. Late entries accepted until last rider. • Rider will receive 3 calls at the gate. After 3 calls, the ride will be considered a scratch. • Riders must compete in the order of the draw. It is the rider’s responsibility to know when they are up. Riders running out of turn will be disqualified. • Participant will be scored on how they maneuver through the obstacle. The Judge will have a score card with 0-5 per obstacle. The run will be timed. • The rider must move on after 3 refusals with 0 points for the obstacle. • Rider is allowed a map on the course if needed. • Timing of the run will be used as the tie breaker if needed. • It is up to the rider to bypass any obstacle they deem as beyond their skill level. Bypass will result as 0 points for that obstacle. • The Judge may disqualify a rider for safety reasons and ask the rider

to leave the arena. • All reruns will be the decision of the Judge. Judge’s decisions are FINAL. In the case of a timer malfunction rider will be offered a re-run. No re-rides will be given for individual equipment or tack malfunction. • It is the rider’s responsibility to determine the appropriateness of their tack and to ensure that such tack is fitted and used properly. • Boots or riding shoes with a heel are mandatory in all classes. Collared shirts requested. Please consider that you are riding in a judged competition; appearance matters. Extra points will not be awarded for silver or “show attire”. • We are not responsible to any accidents, loss, or theft that may occur to you, your horse, or your property while attending this event, either as a spectator or a contestant. • Unsportsmanlike conduct to horses, other competitors, workers, vendors, sponsors or to production staff may result in an immediate dismissal and forfeit of entry fees and any money earned. • Awards and payouts are subject to change at the discretion of the producers. • Returned check fee \$40.00. B&BSC may formally “blacklist” riders with repetitive bounced checks or require cash only payment for future shows.

REGISTRATION PAPERWORK
Pre-Register By July 27
ENTRY DAY Monday, Aug. 1
10:00 A.M. - 6:00 P.M. (Pre-Registered)
10:00 A.M. - 4:00 P.M. (Not Pre-Registered)

A best of show ribbon will be awarded in both the adult and youth categories for Department 90. A champion & reserve champion will be awarded in each class in Department 90, if worthy. A sweepstakes ribbon for the most blue ribbons will be awarded for Department 90. Judging will begin at 6:30 P.M.

1. Preregistration is highly recommended and greatly appreciated. However, if on entry day you have something that is worthy of exhibition, registrations will be accepted **until 4:00 P.M.** This is an

- absolute cut off in order to prepare the paperwork for the judges.
2. All entries must be in by **6:00 P.M. Aug. 1.** Cut flowers, including arrangements, vegetables and grains may be removed at **9:00 P.M. Aug. 6.**
 3. An advertised grower selling plants or flowers may not exhibit in this Department.
 4. All blooms staged for the show, except in artistic section, must be cut from plants owned and grown by the exhibitor.
 5. After the flowers in the exhibits are arranged, they shall become the property of the Show Committee. Wherever possible, exhibits should be kept in good condition by the exhibitor.
 6. Exhibitor is required to exhibit the exact number specified. Correct entries are the responsibility of the exhibitor. Incorrect entries will be disqualified.
 7. The decision of the judges in making the awards shall be final. Any interference by exhibitors to influence or dictate the decision of the judges will be sufficient cause for excluding his or her entry from competition.
 8. The Show Committee will not be responsible for loss or damage to container or other articles used in the exhibit. Do not bring valuable containers.
 9. When exhibiting cut flowers or vegetables the name of the variety should be included on the entry tag. If two exhibits are of equal quality the one with the correct name will be placed over the unnamed exhibit.
 10. Flowers used in arrangements and specimen entries should be “hardened”. The flowers should be cut with a knife (not a scissor or pruning shears). The stems should be cut at an angle and placed in warm water in a cool dark

- place 12 to 24 hours prior to showing. The flowers will be more durable and be in better condition in the show.
11. Flowers exhibited as specimens should be in a plain glass container or bottle, not a decorative vase. It is acceptable to use a small wedge of wood or Styrofoam to hold the specimen upright in the container.
 12. Points to be considered in judging are listed below.
 13. In compliance with the general rules, not more than one exhibit in any one lot will be accepted from any one exhibitor.
 14. Wildflowers protected by Minnesota law will not be permitted as cut flowers in exhibits.

DAHLIAS ON PARADE

When growing dahlias for show they should be disbudded when the buds are very small. Unless this is done the side buds will be longer than the center bud. The buds should be removed just above the two leaves when they are about an eighth inch in diameter. Then when the dahlia is cut for the show it should be cut below the pair of leaves where the side buds were removed, so the stem will have a pair of leaves. Entries shall consist of one bloom per lot unless otherwise stated any variety.

 2. Dahlia, large, 8-10” diameter
 3. Dahlia, medium, 6-8” diameter

DEPARTMENT 100, FRESH VEGETABLES	
To assist the gardener in selecting and preparing vegetables for exhibit, the following suggestions are made:	
BEETS, CARROTS, PARSNIPS, TURNIPS, RUTABAGAS – Root crops should be mature but not over grown, pithy or course in texture. Tops trimmed off 1 1/4 inches above the crown. Side roots trimmed off but not the tap root. Clean by brushing.	
BROCCOLI – Heads should be dark or purplish green and compact. Avoid yellow flowers in head. Stems cut about 5 inches from top of head.	
CABBAGE – Stems cut about 1/2 inch below the head. Remove blemished or broken leaves. Leave few wrapper leaves.	
CAULIFLOWER – Heads should be white, compact and free of small leaves and ricy texture. Stems cut so as to leave 4 to 6 leaves. Outer leaves trimmed to 1-2 inches above the white head. Use soft bristled brush to remove dirt from head.	
CELERY – Remove roots of stalk and trim butt to form a triangle for pyramid. Trim diseased and broken leaves on outside until color is uniform.	
CUCUMBERS – Pickling select fruits 3-5 inches long. Specimens should be same stage of maturity and uniform in size, shape and color. Slicers - select fruits that are straight, dark green and 6-10 inches long. They should be uniform	

in size, shape and color. Leave stems attached. Soft brush clean.
EGG PLANT – Uniform in color and free from bronzing and greening. Stem should be left on.
KOHLRABI – Roots removed just below the ball. Remove all but the center 4-6 leaves. Select specimens that are uniform, medium size and not hard or woody. Skin should be easily punctured by thumbnail. They should be clean but not washed.
LETTUCE – Dig, leaving roots and exhibit in a glass container with leaves above the water, “Harden”, see cut flower information.
MUSKMELON – Select fruit that separate easily from the vine. Melons should be mature but not overripe.
ONIONS – Have specimens mature and thoroughly cured. The neck should be small. Do not peel to give a slick appearance. Only such outer scales that are broken or discolored should be removed. Small basal roots should be left intact but trimmed to a uniform length of 1/2 inch. Wipe or brush but do not wash. Cut tops 1-1 1/2 inches long.
PEAS – Select bright green well filled with seeds, the best eating stage. Do not wash as bloom should be preserved.
PEPPERS – Stem should be left 1/2-1 inch long.
RADISHES – Tap root cut 1/2 inch and tops cut to 1/2 inch.

RHUBARB – Select stalks that are straight, uniform and unblemished. Stalks should be pulled from the plant, not cut. Cut off blade leaf 2 inches above the stalk.
SNAP BEANS – Harvest before constrictions appear between seeds, when seeds are about half grown. Pods should be wiped clean but not washed. Leave stems attached.
SUMMER SQUASH – Select small size fruit when the rind is soft and easily punctured with thumbnail. Leave about 1/2 inch of stem and wipe fruits clean.
SWEET CORN – Select ears that are well filled out to the tip. Kernels should be milky and juicy. Remove outer husks but allow a short shank and the inner husk to remain.
SWISS CHARD – Cut and place in clear glass container. “Harden” see cut flower information.
GREEN ONIONS – Peeled roots, trimmed tops, cut uniform 6-8 inches.
TOMATOES – Uniform size, shape and color. Leave 1/2-inch stem on. Fruits should be uniformly shaped and free of cracks and blemishes. Wrap tomatoes when transporting so stems don’t puncture the others.
WATERMELONS – Select fruit that are mature but not overripe. Leave 1 inch of stem on.
